JUNIOR EDITORS	Donna Bertram Joe Jameson

The staff would like to thank the teachers of Middletown High School, and the merchants in Middletown for their help and co-operation in putting out the annual.

We are also thanking Mrs. Georgiana Stoufer for all the time she has spent with us and for her help and patience.

We hope that you will enjoy this annual as much as we have enjoyed putting it together for you.

CLASSES

MR. BUTLER CRAWFORD

Superintendent of Schools

MR. LEE G. GLENTZER

High School Principal

MR. EARL HAYES

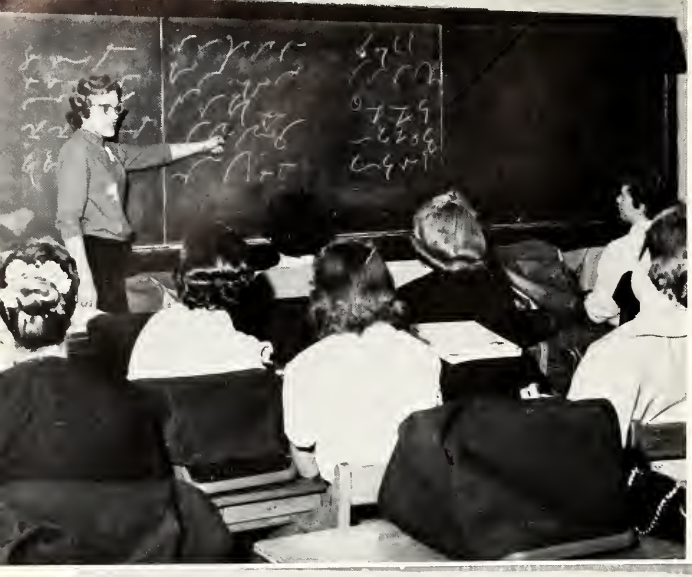
Grade School Principal

MRS. BRADFORD AND MRS. RAY

Mrs. Patricia Ray has taught in Middletown schools for three years. This year she teaches music and art at Fairfield and at Central. Mrs. Martha Bradford teaches Art at the High School, and a Home Economics class at Central.

Mrs. Ray organized the Girl's Sextet, and this year has also organized a Boy's Choir at Central.

These two capable teachers have done a great deal for our schools in the Fine Arts department.



MRS. WALLACE

"Business is booming" is a phrase especially true at Middletown High School this year, as the thriving business department prepares students for positions in the community. This year our new business teacher, Mrs. Wallace, had ninety-seven students enrolled in her four business courses. These popular courses were: Shorthand, Typing, General Business and Law. Although there are more girls enrolled in these courses than boys, it appears that the boys are steadily gaining interest in this field.

MRS. REEDY

Venturing into Mrs. Reedy's room, one might hear a "Macbeth" crying "Out, out brief candle!" or he might hear someone reading a funny poem. Mrs. Reedy teaches junior and senior English as well as a class of speech and dramatics. She directs the Junior and Senior Class plays, and is a co-sponsor of the Sophomore Class.

MRS. VAN CLEVE

Anyone coming to the library not knowing what book he wants, finds Mrs. Van Cleve always able to find just the book suited to him. The library is a place for finding information as well as a place for borrowing books and magazines for pleasure and enjoyment.

In addition to successfully managing the library, Mrs. Van Cleve teaches eighth grade and freshman English.

MRS. STOUFER

In Mrs. Stoufer's French and Latin classes students learn to speak, write, and translate foreign languages. Students also learn to appreciate the contributions of the French and of the ancient Romans to world culture. The class above is singing Christmas Carols in Latin. The class below is listening to French records. Mrs. Stoufer also teaches sophomore English.

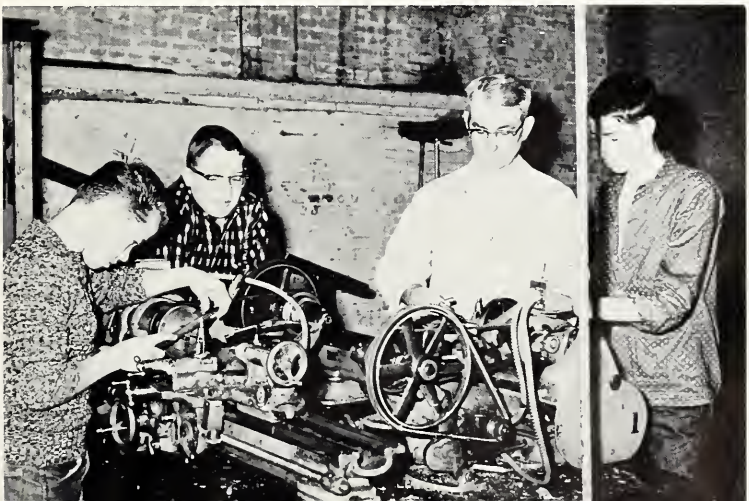
MRS. WOLFE

Mrs. Wolfe, the Home Economics teacher, is also the cafeteria director, and the 4-H leader. By her skill and good taste, she has managed to make our cafeteria and the Home Economics room much nicer places. With good food, an attractive cafeteria, television to watch, and plenty of chatter, the lunch hour passes quickly.

Phases of Home Economics taught in Mrs. Wolfe's classes are Clothing, Child Care, Social and Personal Relations, Marriage Preparation and Family Living, Money Management in the home, Home Nursing, and Home Decoration. Girls, who study the courses offered in Mrs. Wolfe's classes, end the year with a genuine home experience, which will be invaluable in the years to come.

MR. MAIN

Anyone want any carpentry work done? If so, the man to see is Mr. Main. He and his shop classes have made everything from toys to furniture this year. In addition to woodwork, Mr. Main teaches machine shop and architectural drafting. In the picture above two of Mr. Main's freshman boys are assembling a book case. In the one below his sophomore boys are working on a metal lathe.

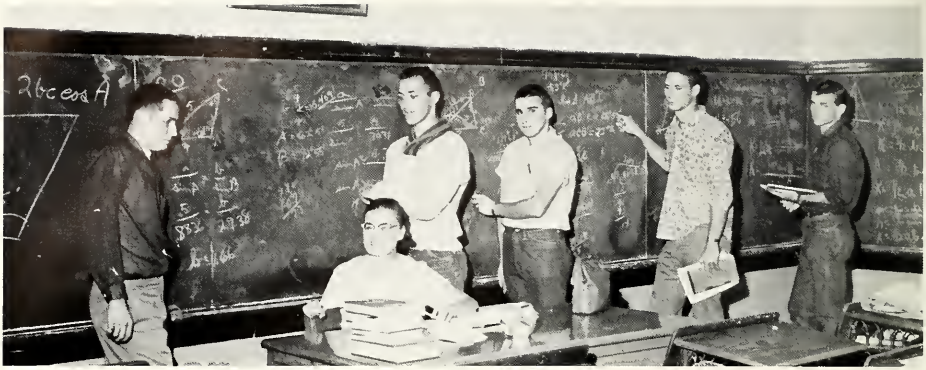


MR. SEAVERS

Here you see the MHS Concert and Marching Band and the Glee Club. These organizations are under the direction of Mr. Richard Seavers.

"Rick" instructs these groups in marching routines, and coaches them for contests and concerts. He also teaches eighth grade music, and elementary band.

Mr. Seavers also selects and supervises the Majorette Corps.

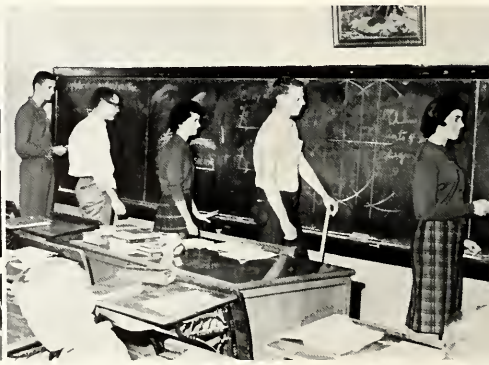


MRS. SUMNER

Mrs. Sumner's all-boy trigonometry class this year began to prepare themselves to become future engineers, chemists, businessmen, and machinists. The class was small and the opportunity of learning was great.

In geometry Mrs. Sumner has taught the students to prove theorems using logical reasoning. Geometry, which helps the students improve their thinking ability, also helps prepare them for more advanced mathematics courses.

Algebra is taught by Mrs. Sumner as are all other high school mathematics courses. It is here that students learn the basic rules of mathematics.



Mr. & Mrs. Jameson

Mr. and Mrs. Jameson are in charge of the Physical Education Program of M. H. S.

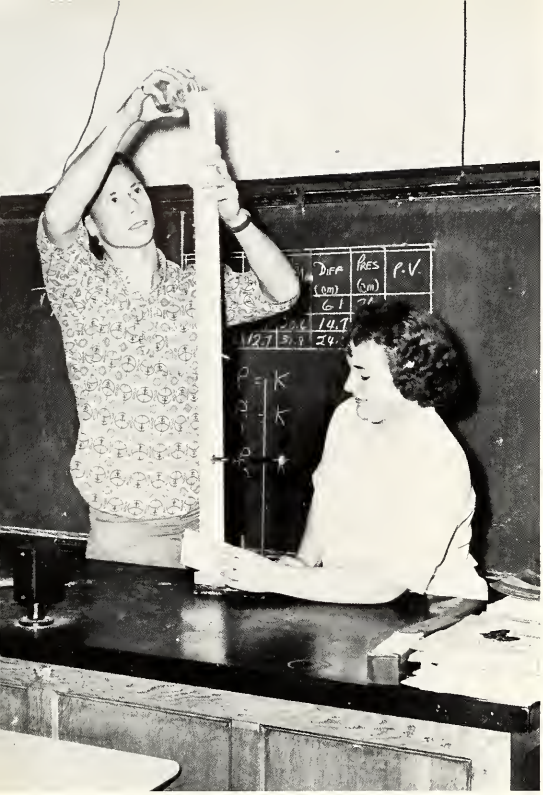
Mrs. Jameson teaches Eighth Grade Science where the fundamentals of science are learned. She also teaches girl's physical education. In "Phys-Ed" class girls learn beneficial exercises as well as a variety of games and dances.

Mrs. Jameson is also the sponsor of the Pep Club, which does such a marvelous job in supporting our basketball team. Under her supervision the Pep Club has grown to its present membership of eighty members. The girls of the Pep Club add beauty, fun, color and lots of pep to the basketball games.

Mr. Jameson has been the basketball coach at Middletown High School for the past fourteen years. During that time he has turned out many fine teams. The basketball fame of M. H. S. has made our Cossacks adversaries to be reckoned with by schools with much larger enrollment.

"Von" also teaches "Phys-Ed", and Boy's Health Classes.

In addition to coaching basketball, Mr. Jameson also coaches track.



MR. CANNON

Heading up MHS's science department is Mr. Robert Cannon. Under his direction the biology class has changed from a book course to an experimental one. He has added a variety of equipment and in the science rooms you will find wildlife to look at and study.

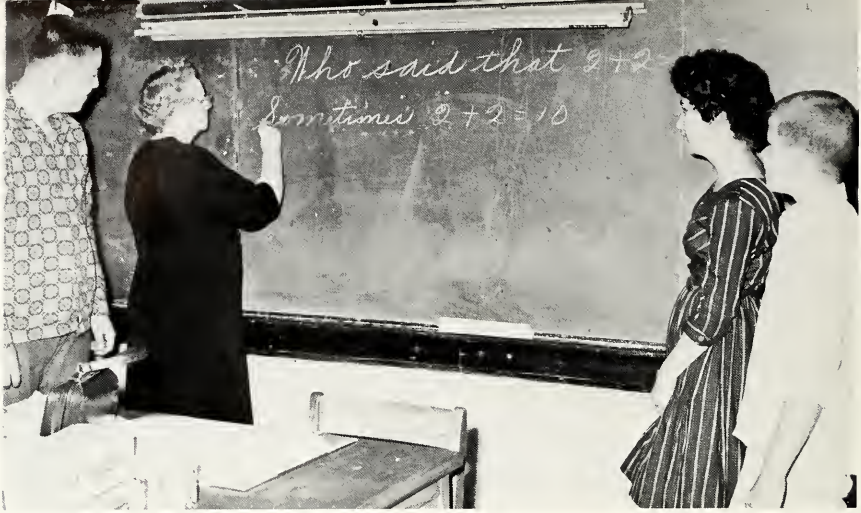
Once a week, Mr. Cannon conducts an extra evening class for additional learning.

The physics class below is conducting an experiment in parallel forces.

MR. MINNICK

Anyone visiting one of Mr. Minnick's classes would be very interested in the world travel right in geography class. In civics class our own government is studied as well as the governments of other countries.

Mr. Minnick teaches psychology and directs the testing program for the Middletown Schools.



MRS. CLEVENGER

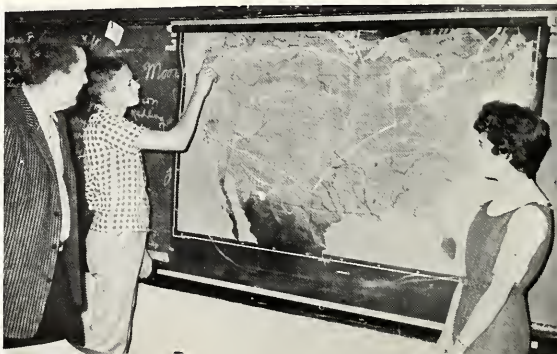
Mrs. Clevenger welcomes new classes into the High School and helps them become acquainted with the new routine. She teaches Eighth Grade English and arithmetic.

Many of the students Mrs. Clevenger is teaching now are the sons and daughters of students she has taught in years past. In the picture above she is teaching an arithmetic class, using a provacative equation.

MR. GREEN

Mr. Dale Green came to Middletown this year from Highland. He teaches Eighth Grade history, and risks his life each day teaching Driver's Training.

He also coaches Baseball and Second Team Basketball.



COOKS

No school in Indiana has better cooks than ours! Mrs. Katherine Hennis and Mrs. Effie Clem are responsible for the delicious meals at Fairfield. At the high school Mrs. Carolyn Fattic and Mrs. Martha Burr make lunch time a time to remember. Every Middletown student is grateful to these four women who day after day serve good hot meals in a friendly and cheerful way. MANY THANKS!

MRS. CONN & MRS. ST. JOHN

Mrs. Mary Ann Conn and Mrs. Irene St. John are the two school secretaries. Mrs. Conn works at Fairfield School where in addition to her duties as Mr. Crawford's secretary she doubles as general helper to anyone who needs her.

Mrs. Irene St. John is the High School's "Girl Friday." She is the school nurse for all the schools as well as receptionist, treasurer, bookkeeper and friend-in-need to teachers and students at the high school.

CUSTODIANS

Harl Bruce, Paul Hall, Harry Buss, Jr. and Raleigh Brock are the trusted custodians of Middletown Schools. Every morning, while we students are still sleeping these men are hard at work getting the buildings warm and ready for us.
The editors wish to take this opportunity of expressing our appreciation for the many hours of hard work they put in to make us comfortable.

BUS DRIVERS

In the picture below you see Ernie Gullion, Bob Abshire, Loren Stanley, Bill Kirkpatrick, Howard Pullen, Johnny Craig, Claude Gustin, "Ting" Hess, and Vic Harry. These are the men who bring nearly four hundred-fifty students to the Middletown-Fall Creek consolidated schools each morning and take them home again after school.
In addition to driving the buses these men maintain order, see that safety rules are enforced, wait for late sleepers, and see to it that every one arrives on time.
Besides this the drivers usually give their riders a "treat" or a show at Christmas.
Four hundred-fifty voices say, "Thank You, Mr. Bus Drivers!"

REMEMBER WHEN . . .

This is the class of 1961 as we looked in 1949 when we enrolled at Centrall School in Mrs. Stohler's and Miss Chapell's rooms.

Joyce and Richard stuffed Lillian Foutch in the wastebasket during Speech Class and she got stuck?
In the first grade Paul Bronnenberg fainted from his patch test?
Brenda would beat Linda Lovett up, and Linda would get even by chasing Brenda with a chicken?
The first day that Carolyn Irwin came to school and Mrs. Painter made her stand in the corner for talking to Jimmy Hanson?
Saralee's idea of a big evening was to call the train station at Anderson and ask for the time?
Margaret Russell ripped Paul Bronnenberg's shirt off in the third grade?
We were in grade school and the boys showed their love by hitting us so hard that they practically knocked us out?
Peggy Abbott sat on Joyce at a slumber party and Joyce nearly fainted?
Mr. Crawford cut Joyce's candle in two at Graduation because there weren t enough to go around?
Mr. Seaver had to keep moving Mary Marshall in study hall?
Martha told us her name was Fithian and we all thought she couldn't talk plain?
Penny and Sherry were going to make a lot of money picking strawberries and they lasted only two days?
Phillip, Jim Huser, John Griffis and others painted "61" on the water tower?
Phillip, Jim Huser, John Griffis and others had to repaint the tower?
Karen Brown hurled a hot pie to avoid burning her hands and it landed in the dish water?
Bob Hess asked Mr. Minnick how to spell John Doe?
In our junior year when we tried to raise a Send-Twink-to-Russia Fund?
George Sanders, Bill Harrison, Jerry McMullen and others went to Anderson in their hula costumes and the car broke down?
The New Year's Eve when Greg Eichhorn decided it would be fun to drive up 5th Street hill on the wrong side of the road and met Mr. Watson at the top?
Mardell Yocom got called to the office for playing chess in study hall?
Linda Huckleberry used to get so mad when we'd call her "Carrot-Top"?
Karen Brown, Sandy Williams, Jim Hanson and Mr. Herczig got stuck down by the gravel pit?
Karen and Sharon got hepatitis and everyone in the class sent them letters to the hospital?
Mrs. Rhinehart made Valarie, Sherry and Jim Hanson sit right in front of her desk so she could watch them?
How cute Charlie Carter was when he was the little sailor boy in the Junior Play?
The night that a strange woman jumped into the car with Jim Ramsey, Jim Huser and Charlie Carter and made them take her to get the Marshall?
Jim Huser took Jackie to a party and when trying to stuff his shirt tail in found that he was stuffing Jackie's coat instead?
